October Newsletter

Dear UNICO member,

I hope all is well with you and your family.

We had a very productive September meeting. Many brainstorming items were discussed to improve our Festa Italiana. Thank you to those that participated and provided invaluable input. After the meeting a group of members stuck around to review Keli Wenzel's proposal to again become our Festa Italiana event planner. It was unanimously decided to have Keli continue in this capacity. A few days later Keli reported to me that Crown Center would again offer us the opportunity to field the Festa at their location including the grant money. In addition, Keli submitted a proposal to the Neighborhood Tourist Development Fund in which UNICO is asking for a \$30,000 grant. So as you can see we have some good early momentum to insure a successful event. The next step will be to assign areas of responsibility to members. Every member will be asked to do his part.

As you may recall the October meeting will be devoted to increasing our membership. Please plan on bringing a friend, business associate, family member, neighbor or favorite pet to the meeting. UNICO will pay for their meal. If you know of someone you think might be a good volunteer for the Festa have them come to the meeting and join now versus asking for their help later. Without some new blood we will have to disband the group and then somehow we will find out that Tom Rago took all the money.

Ciao,

Joe A. Nastasi
